

Star shaped **anti-bacterial** handle

BEA

Similar to DIN 6336

- Reduces risk of presence of germs

- Materials:

Slate grey thermo-plastic

Insert/thread - 303 stainless steel

Uses

- The use of a plastic containing silver ions is highly effective against a large number of harmful micro-organisms such as bacteria, fungi and viruses.

Thus the risk of any infection due to contact with the handle between two cleaning operations is considerably reduced.

Advantages

- Resistant to moisture and cleaning products

- No undesirable toxic effects.

- Fields of application:

Hygienic areas, hospitals, medical practices, rehabilitation zones, food manufacturing, nursing homes, day care centres.
