

Linear ball slide **Eco range**

GCH15 GCH20

Dynamic load from 12600N to 21800N

- Linear slide unit for heavy loads not subject to vibrations or shocks
- Recirculating ball type linear slide
- Self-lubricated slide units
- Material:
Steel
- Note: part numbers of rails and slide units are separate: remember to order both

NEW!

Self-lubricating slide + Rail

Application

- Machine tool, CNC machine, automation device, industrial robot various industrial machine
